

ARE YOU A NEW PARENT? WE NEED YOUR VOICE!

SHARE YOUR INPUT ON THE FUTURE OF SCIENCE AND MEDICINE

We are looking for parents to participate in a single phone or Zoom interview to share their opinions on the future of genetic research.

WHAT IS THIS STUDY ABOUT?

- Our research focuses on using genetic information (DNA) as part of regular pediatric care.
- We think that understanding genetic information can help keep babies healthy throughout life, but additional research is still needed.
- We believe genetics is the future of medicine and want to include families from diverse backgrounds in this study so that everyone can eventually benefit from this work.
- **You are invited to participate in an interview to share your opinions about this type of research.**

PARTICIPATION

- Participate in a 30-45 minute interview with a researcher by phone or Zoom
- **Receive a \$50 gift card for completing the interview**

WHO CAN JOIN?

- Parent of a child aged 0-5 years old
- From a minority race or ethnicity, and/or from a disadvantaged economic background
- English or Spanish speaking

If you are interested in participating email
